

Partnership expands Power Saturdays program

(CINCINNATI; October 2008) - Envision Learning Center now offers Power Saturdays at a second location through our partnership with Zion Global Ministries, founded by Reverend Freddie T. Piphus and located in West Chester, Ohio. Power Saturdays include four hours of concentrated academic enrichment focusing on intensive preparation for standardized and proficiency testing in math and science.

Upon Reverend Piphus' visit to Envision, it was clear that a symbiotic relationship had been formed between the two; Envision Learning Center wanting a location in the Zion Global Ministries area and Zion Global Ministries wanting Envision's type of academic programming in the West Chester facility.

Sessions are held one Saturday each month through April 2009 in Roselawn and West Chester.
